Financial Summary

	Year 1	Year 2	Year 3
	Plan/Actual €	Plan €	Plan €
Sales (excluding VAT)			
Less Cost of Sales			
Gross Profit			
Less Expenses:			
Selling & Distribution			
Admin / Overheads			
Finance repayments			
Net Profit before Tax			
Tax @ XX%			
Net profit after Tax			

The following financial information should be included with your Business Plan when seeking finance:

- o Balance Sheets for the last 3 years (if an existing business)
- Management Accounts
- Certified/Audited Accounts
- o Cashflow Forecast for the next 3 years (15 months minimum) (see Notes page for template)
- Breakeven Analysis (see Notes page for example)
- Asset/Liability Profile (see Notes page for template)
- o Aged Debtors Listing
- o Aged Creditors Listing
- Confirmation of Tax Affair

It is important that projections are as realistic as possible. You might find it useful to seek professional advice from a qualified Accountant

NOTES:

Cashflow Forecast

You can download a template from www.peoplefirstcu.ie/downloads or you can create your own, based on the sample basic template below:

€'000s	Month 1	Month 2	Month 3	Month 4	Month 5	Month 6	Month 7	Month 8	Month 9	Month 10	Month 11	Month 12
Opening Balance (First month should be in line with current account balance and thereafter the closing balance from the previous month)	a											
Income												
Subtotal	b											
Expenditure												
Subtotal	С											
Closing Balance	=a+b-c											

Notes:

- You should specify the exact date (e.g., change "(Month 1)" to Jan 2014)
- List each individual category under the "income" and "expenditure" headings

Asset / Liability Profile:

/ toods / minus may 1 10.									
Asset / Class Description (location / maturity date)	Purchase Price (If property)	Date of Purchase (If property)	Market Value	Basis & Date of Valuation - Professional (PV), Discounted Purchase price etc	Associated Borrowings (Direct/ Indirect)	Financial Institution	Repayment structure (Capital & Interest, Interest Only, Interest Roll-Up)	Repayments (Monthly)	Monthly Income (Rental / Dividend, etc)
	€'000		€'000		€'000			€'000	€'000

Breakeven Analysis

A breakeven analysis shows the value and the volume of Sales needed to generate Net Profit before Tax of €0.

To calculate breakeven you need to know the following information:

Fixed Costs Selling Price per unit Cost of Sales per unit

To calculate the volume of units to sell to breakeven =

Fixed Costs / (Selling Price per unit - Cost of Sales per unit)

To calculate the value of Sales to breakeven =

Volume of units to breakeven * Selling Price per unit
